Voting, Absentee Voting, and Voter Registration Procedures

IDENTIFICATION AT THE POLLS

All voters are required to provide identification before voting or obtaining an absentee ballot. The personal identification that may be presented shall either be:

- (1) A South Dakota driver's license or nondriver identification card;
- (2) A passport or an identification card, including a picture, issued by an agency of the United States government;
- (3) A tribal identification card, including a picture; or
- (4) A current student identification card, including a picture, issued by a high school or an accredited institution of higher education, including a university, college, or technical school, located within the State of South Dakota.

If a voter is not able to present personal identification, the voter may complete an affidavit in lieu of the personal identification.

ABSENTEE VOTING

Any registered voter may vote by absentee ballot. Voters do not need to provide a reason in order to absentee vote. Absentee ballots are available six weeks prior to the election.

An absentee voter desiring to vote by mail may apply to the person in charge of the election for an absentee ballot. The application or request shall be made in writing and be signed by the applicant and state the applicant's voter registration address. The application or request shall contain an oath verifying the validity of the information contained in the application or request. The oath shall be administered by a notary public or other officer authorized by statute to administer an oath. If the application or request does not contain an oath, the application or request shall be accompanied by a copy of the voter's identification card. The requirement for the oath or the submission of the voter's identification card is waived for voters covered under UOCAVA (Uniformed and Overseas Citizens Absentee Voting Act). UOCAVA voters can submit the application for absentee ballot by fax or email image including a signature to the jurisdiction in charge of the election.

The application or request may be used to obtain an absentee ballot for all elections in that calendar year conducted by the jurisdiction receiving the application or request if so indicated.

At anytime prior to an election, a voter may apply in person to the person in charge of the election for an absentee ballot during regular office hours up to 3:00 p.m. of the day of the election. If the voter applies in person, the voter shall show the person in charge of the election the voter's identification card or complete a personal identification affidavit.

In the event of confinement, because of sickness or disability, a qualified voter may request an absentee ballot in writing, naming an authorized messenger who will deliver the ballot to the voter. An application for a ballot by authorized messenger must be received by the person in charge of the election before 3:00 p.m. the day of the election.

The voter must sign a statement on the absentee ballot envelope prior to returning the ballot. All voted ballots must be returned to the person in charge of the election in time to be delivered to the appropriate polling place prior to the closing of the polls.

An application for absentee ballot can be obtained at a county auditor's office or printed from the Secretary of State's website at www.sdsos.gov

A Power of Attorney cannot be used for absentee voting purposes.

A Power of Attorney cannot be used for voter registration purposes.

PROVISIONAL BALLOTS

If any person is not authorized to vote, is successfully challenged, or is otherwise denied the ability to vote and the person maintains that he or she is currently registered to vote in that precinct, the person may cast a ballot which shall be called a provisional ballot.

The voter must complete an affirmation for a provisional ballot. Provisional ballots are not counted on election night. The person in charge of the election will investigate the following day to determine if that voter was properly registered in that precinct. If the information

found determines that the voter was properly registered, then that provisional ballot will be counted. The voter will receive notification of whether his/her provisional ballot was counted or not and if not, an explanation of why it was not counted.

By voting a provisional ballot, your vote may not be secret if only one provisional ballot is cast in that precinct.

INSTRUCTIONS TO VOTERS

IF YOU MAKE A MISTAKE

If you make a mistake, give the ballot back and get a new one.

If you cast more votes than allowed in a race, give the ballot back and get a new one. (If you cast more votes than allowed in a race, your votes for that race will not be counted)

IF YOU NEED HELP, ASK

The Election Board at your polling place on Election Day is there to help you if you have questions.

You may contact the Office of Secretary of State for information regarding the election process at 605-773-3537.

VOTING RIGHTS

Any voter who can't mark a ballot because the voter has a physical disability or can't read, may ask any person they choose to help them vote.

Any voter may ask for instruction in the proper procedure for voting.

Any voter at the polling place prior to 7:00 p.m. is allowed to cast a ballot.

If your voting rights have been violated, you may call the person in charge of the election, the Secretary of State at 888-703-5328, or your state's attorney.

The AutoMARK ballot assistant

Every voter in South Dakota will receive an optical scan ballot for federal elections. The voter has the choice to mark the ballot by hand or to use the AutoMARK ballot assistant.

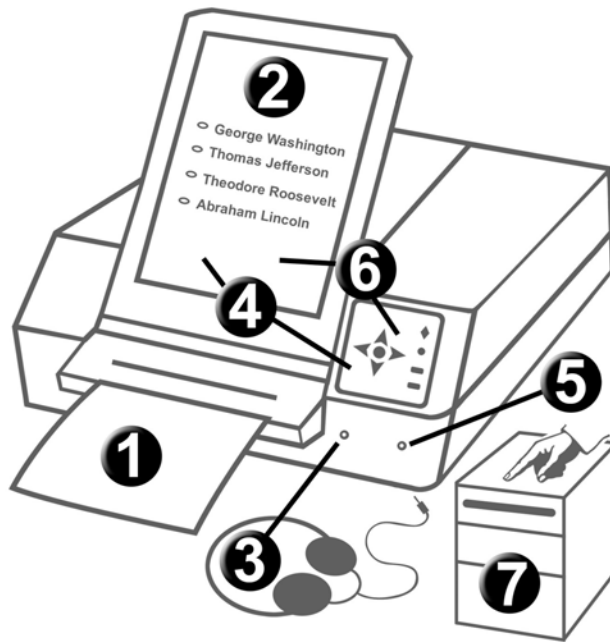

The AutoMARK assists a broad range of voters in marking their ballots independently and privately. Available in every polling place in South Dakota for any federal election, the AutoMARK may be provided for other elections.

The AutoMARK keeps no record of votes. It is a paper-based electronic ballot marker—an “electronic pen.” Most voters find it to be intuitive and user-friendly.

The AutoMARK has special features to assist voters who are blind, have poor eyesight, can’t hold a pen, or have other difficulties in voting a paper ballot. All ballots—whether voted by pen or AutoMARK—go into the same ballot box.

When a ballot is inserted into the AutoMARK, an electronic version appears on the screen. The pictures of the ballot contests can be enlarged for easier reading, shown in reverse contrast, or turned off for privacy if a voter chooses to access the ballot by attached headphones and keypad. The audio description of the ballot can be used in place of or in conjunction with the visual version on the screen. For federal elections the AutoMARKs in the following eleven counties also include an audio version of the ballot in Lakota: Bennett, Day, Dewey, Jackson, Marshall, Mellette, Roberts, Shannon, Todd, Tripp, and Ziebach. The voter makes selections through the touch screen or keypad.

The AutoMARK warns of undervotes and will not allow overvotes. The voter may make changes before the ballot is marked. The voter is provided a summary of selections. When the voter selects Mark Ballot, the appropriate ovals of the optical scan paper ballot are marked and the ballot is ejected. If a marked ballot is inserted into the AutoMARK, the touch screen will display and the headphones will describe the selections marked on that ballot. The voter takes the official paper ballot to the precinct ballot box for casting. A ballot privacy sleeve is provided to all voters.

How does it work?

- 1** Insert your paper ballot into the AutoMARK.
- 2** Your ballot will appear on the touch screen.
- 3** If you would like the ballot read to you, plug in and put on the headphones.
- 4** Touch the screen or use the keypad to move through the ballot and select your choices.
- 5** You may use your own personal A/B - style switch to access the AutoMARK.
- 6** Verify your selections and press "Mark Ballot". The AutoMARK will mark and return your ballot.
- 7** Remove your ballot and place it in the ballot box.
